PUBLIC MESSAGES

PUNJAB WILDLIFE & PARKS DEPARTMENT

ہر سال 22 اپریل کو زمین کا عالمی دن منایا جاتا ہے۔ 2024ء میں اس دن کا موضوع ہے۔

"PLANET VS PLASTICS"

محکمہ جنگلی حیات و پارکس پنجاب بھی اس دن کی مناسبت سے عوام میں پلاسٹک مصنوعات کے استعمال کے مضر اثرات اور اس کے استعمال کو ترک کرنے کا شعور اجاگر کرنے کے لیے کوشاں ہے۔

خبردار!

- ہماری روزمرہ زندگی میں پلاسٹک مصنوعات کا استعمال ہمارے ملک میں آلودگی اور بیماریوں کی ایک بڑی وجہ ہے۔
- پلاسٹک مصنوعات کی تیاری کے دوران انتہائی زہریلے کیمیائی مادے خارج ہوتے ہیں جو ہوا میں شامل ہو کے سانس اور دماغی بیماریوں کے ساتھ ساتھ دیگر مہلک امراض کو جنم دیتے ہیں۔
- پلاسٹک کا استعمال نہایت خطرناک ہے چونکہ پلاسٹک مصنوعات ماحول میں گل سڑنے کے ختم نہیں ہوتیں لہذا یہ مستقل طور پر آلودگی اور بیماریوں کے بڑھنے کی وجہ بنتی رہتی ہیں۔
- جنگلی حیات کا قدرتی مسکن صاف ستھری اور آلودگی سے پاک زمین ہے لیکن ہم انسان اپنی کوتاہیوں اور غیر ذمہ داریوں کی وجہ سے جانوروں اور پرندوں کے مسکن کو پلاسٹک اور دیگر آلودگی پھیلانے والے عناصر کے استعمال سے تباہی کے قریب لے جا چکے ہیں۔
- اس تباہی سے نہ صرف ان کی نسل تیزی سے ختم ہو رہی ہے بلکہ کرہ ارض میں منفی ماحولياتی تبدیلیاں رونما ہو رہی ہیں جس سے نئی نئی وبائی امراض جنم لے رہی ہیں اور زمینی درجہ حرارت میں خطرناک حد تک اضافہ ہو چکا ہے۔
- پلاسٹک کی مصنوعات جیسا کہ بوتلیں، لفافے اور پیر وغیرہ جب کھلی زمین پر پھینکی جاتی ہیں تو یہ ہوا سے اڑ کر دور دراز علاقوں اور ندی نالوں تک پہنچ جاتی ہیں۔ جہاں جنگلی اور آبائی حیات اسے کھائی جانے والی چیز سمجھ کر کھل جاتے ہیں چونکہ پلاسٹک کی مصنوعات ناقابل ہضم ہوتی ہیں لہذا ان جانوروں کی موت واقع ہو جاتی ہے۔

آئیے عہد کریں!

ہم اپنے ملک کو آلودگی سے بچانے اور جنگلی حیات کے مسکن کو تباہی سے بچانے کے لیے آج سے ہی پلاسٹک کے بیگز، شاپر، بوتلیں، درجہ زہر وغیرہ کا استعمال ترک کر کے ان کی جگہ سوتلی کپڑے کے تھیلے، کاغذ سے بنی مصنوعات اور شیشے کی بوتلیں جو بار بار استعمال کی جاسکتی ہیں کا استعمال یقینی بنائیں اور ذمہ دار شہری ہونے کا ثبوت دیں۔
